

OPEN FOR BUSINESS AGAIN!

Dear Clients,

I hope this letter finds all of you enjoying this beautiful spring.

After a long illness, I am back at work. As I have recovered, I have worked hard to rebuild our equine practice from the inside out. We have an all new staff and excellent new facility and equipment. We are in a very convenient, central location, less than 10 minutes off I-25. Come and see us!

Doug Thal DVM

www.thalequine.com

We are putting lots of effort into our web site. Updated information concerning our practice, disease threats in the area, important links, and events are all added regularly. Of course, all of our contact information and detailed directions to our clinic are there also.

Soon we will be sending out regular email newsletters with updates on current health concerns, horse health care tips and information. **Sign up for this newsletter by filling out the form on the home page of the web site.**

SERVICES NOW OFFERED

I am doing less mobile work. We are focusing on creating a state-of-the-art equine practice and referral center here. I still make occasional trips to see clients in the Las Vegas area.

Here are just some of the services we are currently offering. See the web site for more details, or call us.

- Stallion station and services: Processing and shipping of cooled semen.
- Artificial insemination of mares. Diagnosis, treatment and breeding of the mare that is hard to get in foal.

- Monitoring of foaling mares using video monitors, heated stalls and the Foalert system.
- Intensive care of very ill horses, with full laboratory and staff (including me) living on-site to give excellent after-hours care. Heated, video monitored intensive care stalls.
- Detailed lameness evaluations on performance horses.
- Emergency services.
- Surgery.
- Boarding and convalescent care.

Hez Choice Property Standing at Thal Equine

We have an excellent racehorse sire now standing at our clinic. Hez Choice Property is a son of **First Down Dash** out of **Harem's Choice**. He is a full brother to Royal Quick Dash and Royal and Regal.

"Choice Property" is a kind and handsome bay stallion who would cross well with almost any mare.

Live foal guarantee: \$1500 plus \$600 chute fee. Call or e-mail for more details.

Dr. Thal's Preferred Veterinary Products

Convenient • Common sense • Cost-effective

There are thousands of expensive and confusing products now available to horse owners in catalogs and through the internet. Many of them do not work as they are advertised to. For years I have wanted to offer a select group of products to our clients at more discounted prices and help clients select what they really need. We finally have done it!

The products that I have on our site have worked for me, or they have scientific evidence behind them

that I think warrants their purchase. Our list can act as a filter for you. **You should be able to order all you need from Dr Thal's Preferred Veterinary Products on our web site at www.thalequine.com.**

This is just the start. I will add more products with time. If you have an idea for something not on the site or you have questions about the products, feel free to e-mail me. I will try to address your questions and if I don't know the answer, I will research it. Since I don't

have to keep these products in inventory, **I can offer them at very competitive prices. Most products will arrive in no more than 2 days, with free shipping.** I have selected a group of products that I have faith in, that we dispense commonly, and that we use in our clinic.

Remember, you will need to e-mail me first for any prescription medications on the site. I will either need to know your horse and agree with the reasons for using it or I will need a prescription from another veterinarian.

OFFICE HOURS

8:30 a.m. - 5 p.m. Monday - Friday
